YOU

by Nadja Lee

Don't turn away

Don't try to hide

Don't doubt me

Because I have to see

The dark side too

If you are sad

The world goes black

If you cry

It'll rain without end

What won't I do

To see you smile?
What won't I do
To hear your laughter?
I'll lay the world, the sun, moon and stars
At your feet
If it could take away
The pain I always see in your eyes
No matter what happens
I will stand by your side
No matter what happens
We'll face it together

Solo

by Nadja Lee

I am here
Please
Let me in
You turn around in the bed
By my side
But every time I try to comfort you
You shake my hand away
Please
Let me in

Let me see what kind of demons

You are fighting against

What are you protecting me against?

What happened back then

That makes you afraid to tell anyone?

Even me

Please

Let me in

Let me help you

Let me protect you

Let me protect you with my love

You are not alone

I'll always be here for you

You have protected and saved me

Countless times

Let me give something back

Please

Let me in

You never have to

Fight alone anymore

You do not need to be solo

But an unbreakable part of me

As I am of you

You have a heart of gold

Let me see it

Please

Let me in

Let me help you

Let me protect you

From you're demons

Thank you

You have let me in

See, that is courage

That is love

My heart is crying for you

For all the cruelty you have been

Put through

But you are safe now

Safe in my arms

Safe in my love

I love you

Like you love me

We're inseparable

You and I

We will be together

Forever

Love: Now and Forever

by Nadja Lee

When I saw you the first time

You were dressed in white

You were a princess

With eyes of fire

Do I have a chance?

I love you more than life itself

You can see it in my eyes

I'll go through fire and water for you

Just say that you're mine

My princess

My love for you will last

Now and forever

I saw you for the first time

When you came to rescue me

With a blaster in your hand

You were a smuggler

Can it be done?

I love you but cannot show it

In your eyes I read more than I want to

Ah, save me again

Save me from my loneliness

Now you are a general; proud and handsome

At last I can say it

I love you more than life itself

Now and forever
